12. **Which African leader is the only person in history to have addressed both the League of Nations and the UN?**
Haile Selassie I of Ethiopia (1892-1975) At the League of Nations in 1936, the Emperor's protest of the use of chemical weapons against his people foreshadowed not only the worldwide conflict that was to come, but also the advent of the technological "refinement of barbarism" that would come to mark modern warfare. Selassie was a gifted speaker, and some of his speeches have been counted among the most memorable of the twentieth century. His internationalist views led to Ethiopia's becoming a charter member of the United Nations, and his political thought and experience in promoting multilateralism and collective security have proved seminal and enduring
